Dear Mr. Griffin:

The application for a Construction and Demolition Landfill, Permit to Operate, has been submitted to the Division of Waste Management, Solid Waste Section on your behalf by your consultant Civil & Environmental Consultant, Inc. It was received on February 5, 2012 and revised on March 2, 2012.

In accordance with GS 130A-295.8(e), the Section has reviewed your application and found it to be complete. A determination of completion means that the application includes all required components but does not mean that the required components provide all the information that is required for the Section to make a decision on the application.

After you have reviewed this letter, please call me at (704) 235-2163 should you have any questions regarding the Completeness Review.

Sincerely,

John Murray, P.E.
Regional Engineer
